

Impersonation Caution Notice - INVESTOR ALERT

We wish to draw your attention to a matter of utmost importance. Certain unidentified individuals with dubious intentions are attempting to deceive the public by falsely representing themselves as part of the INDmoney Group. They are illicitly using our logo, company name, etc., across various social media platforms such as Instagram, Facebook, Twitter, Telegram and websites. These individuals are engaged in misleading the public by promoting fraudulent financial and investment schemes and soliciting funds.

It has come to our attention that these unknown individuals have established fraudulent accounts. They have uploaded forged and fabricated documents with the intention of deceiving the general public and enticing them to invest money with the promise of attractive returns.

Please be aware that this constitutes a wholly fraudulent activity. By employing INDmoney's logo and company name, these individuals aim to mislead the public into parting with their hard-earned money under the guise of promising attractive returns. One common tactic is to showcase appealing returns in their online posts, attract the public's attention, and subsequently communicate individually to facilitate the transfer of funds to specified bank accounts through online channels, including UPI methods. We emphasize that investors should refrain from engaging with such fraudulent online accounts and avoid remitting or transferring money to personal accounts associated with these schemes. Investors are strongly advised to report such frauds to local law enforcement or cybercrime authorities immediately.

We bear no responsibility for any losses incurred by the public due to transactions made with these unknown individuals and agencies making false claims.
